TOTAL HOURS				

Students: DO NOT fill in the gray boxes at the bottom of the chart above. Your hours will be totaled by the program manager to ensure that you have met the hours requirement before your certificate can be issued.

Do not write in your preceptor's name. They must sign the hours log form themselves to validate and verify the hours spent.

You **ONLY** need 1 hour log sheet for the entire clinical rotation.

Clinical rotation paperwork needs to be uploaded onto Complio within 72 hours after your last scheduled clinical rotation.
